MANDATORY CLOTHING POLICIES

Restore Haiti desires to make the **Biggest Impact** on the people of Haiti.

Our Community Leaders in **Haiti** have requested our teams to be very cautious how we dress in their city.

They are a **MODEST COMMUNITY** and we are there to **PARTNER** with them.

As **Missionaries** to their community we need to comply with this request and **Dress Appropriately!**

We need to keep our **Team Members Safe** and create a **Positive Environment** on our trips.

We ask **ALL Restore Haiti Team Members** to **Comply** with our **Clothing Policies** to make the above statements a reality on **Our Trips**.

These policies are in place to protect you, the team and the community.
If you do not observe these policies, you will be asked to change.
